PURPOSE OF ROLE

Allied Health, Public Health, Scientific and Technical professionals work in teams providing a range of diagnostic, technical, therapeutic, direct patient care and support services that are critical to the other health professionals they work with and the communities they serve. This includes health professionals working to improve, promote and protect the wellbeing of the population.

This role will work collaboratively with all health professionals as well as the wider multi-disciplinary team throughout the Southern DHB in a way that is consistent with the organisation’s vision and values. This includes interprofessional practice where multiple health workers from different professional backgrounds work together with patients, families, caregivers and communities to deliver the highest quality of care.

This way of working will ultimately benefit all our patients and communities.

ROLE SPECIFIC REQUIREMENTS

The overall objective of this role is to provide social work support for patients with cancer or a high suspicion of cancer.

The role covers all patients with a diagnosis of cancer who are engaged in cancer treatments but also has a specific focus on adults and young people over 16 with a diagnosis or a high suspicion of cancer at the front of the pathway with complex psychological and social need. This specific focus is part of the Ministry of Health Psychological and social support initiative with an aim to address the needs of the “hard to reach” groups and communities - rural, socio-economically disadvantaged, Maori and Pacific communities. The requirement is to work in close collaboration with the Southern Blood & Cancer psycho-social and wider team as well as providers at other points in the cancer pathway, such as primary care, social support agencies and other non-government providers.

The job will be based in Dunedin but will involve travelling to North Otago. There may be occasions when the Social Worker will be required to work elsewhere in the South Island.
